EDUCATION

Kalinga Institute of Industrial Technology

B.Tech in Computer Science

Bhubaneswar, Odisha

Aug 2023 – Present

EXPERIENCE

Abaca Systems

Oracle APEX / Cloud Intern

On-Site

May 2026 – June 2026

- Learning Oracle Cloud Infrastructure and Oracle AI Foundations.
- Writing SQL queries involving joins, aggregations, subqueries, and date functions.
- Working with PL/SQL blocks, procedures, functions, and cursors.
- Assisted with infrastructure monitoring, logging, and troubleshooting production issues.
- Building and managing forms and reports in Oracle APEX.
- Using Oracle SQL Developer for database development and testing.

PROJECTS

Fraud Transaction Detection System

Mar 2026

- Built a machine learning-based fraud transaction detection system that analyzes transaction patterns to identify potentially fraudulent activities in real time.
- Worked on data preprocessing, model training, and improving detection accuracy through feature engineering and classification techniques.

GameDeon — IIT Guwahati Game Jam

Aug 2024

- Delivered a complete game within a week as part of a two-member team.
- Ranked **7th out of 50+ teams** nationwide; invited for final presentation at IIT Guwahati.
- Implemented gameplay mechanics, collision detection, and performance optimizations.

Home Lab & Security Infrastructure

Dec 2024

- Built a virtualized home lab with Proxmox and Docker to simulate enterprise network environments.
- Configured Pi-hole for DNS-level ad and threat blocking, significantly reducing exposure to malicious traffic.
- Set up secure remote access using Tailscale (WireGuard VPN).
- Hosted isolated services including Jellyfin, FreeNAS, and monitoring tools.

Custom Minecraft PvP Client - Java

Oct 2021

- Developed a high-performance Minecraft client with enhanced combat mechanics.
- Optimized rendering and event handling to improve FPS and reduce latency.
- Added client-side features including custom animations and input handling.

CERTIFICATIONS & ACHIEVEMENTS

Hackmanthan 2.0

Techfest, IIT Bombay

Covered cybersecurity fundamentals, networking, and security tools

CyberStorm x RedFox CTF

Ranked 59th worldwide in an international CTF

CvCTF

1st place in a university-level CTF organized by CyberVault

CvCTF 2.0

2nd place in a university-level CTF organized by CyberVault

TECHNICAL SKILLS

Languages: Java, Python, C, C#, Bash, SQL, JavaScript, Rust, HTML/CSS

Frameworks & Platforms: React, FastAPI, AWS, Google Cloud Platform

DevOps & Virtualization: Docker, Proxmox, Git, CI/CD, Linux

Security & Networking: Metasploit, Burp Suite, Wireshark, Nmap, Netcat, Ghidra, Pi-hole, VPNs

Developer Tools: Neovim, IntelliJ IDEA, PyCharm, Visual Studio, Eclipse

Libraries: PyJWT, Gson
